

As Otiwhiti Station Land Based Training Agricultural School closes for 2018, cadets, families, friends and supporters gathered to celebrate the successful completion of training at the school with all the cadets passing the New Zealand Certificate in Agriculture Level 3. The cadets have also all secured jobs for 2019 with many remaining in or around the local area.

**Congratulations to:**

- Top Cadet: Rhys Fyers
- Best Academic Cadet: Bre McCormack
- Most Improved Cadet: Ringa Taurerewa

The cadets received a graduation pack which included fabulous products. Thanks to our sponsors for your kind support.

The school also acknowledged the following people in recognition of their outstanding service to the cadet school:

Bill & Jacinta Hall, Rod & Gill Thompson, Willie & Colleen Searancke, Duncan Atkinson (DA) & Donna McLean, Denis & Sue Leen, Daryl Coleman & Karyn Neave

We wish all the Cadets all the best as they embark on their careers into Agriculture and look forward to hearing from you. In the mean-time Otiwhiti Station is already preparing for the new intake of Cadets who arrive mid-January 2019.
